

EURASIAN ORTHOPEDIC FORUM MOSCOW 2017

Summary

EURASIAN ORTHOPEDIC FORUM

Eurasian Orthopedic Forum is the largest international event in the Orthopedics and Traumatology sphere in Eurasia bringing together more than 3,000 participants from Russia, the CIS, India, China, and other European and Asian countries. The Forum will take place on 29-30 June 2017 in Expocentre complex in Moscow, Russia.

The Forum's program includes more than 200 scheduled reports, lectures, workshops, and presentations spanning 20 scientific and practical areas. The event will also include an exhibition on a space of over 4,000 sq. meters.

The Scientific Committee of the Forum includes the leading domestic traumatologists and orthopedists, and is headed by two chairmen:

- Sergey Mironov, Director of the Priorov Central Scientific Research Institute of Traumatology and Orthopedics, Chief Trauma and Orthopedic Specialist of the Ministry of Health of the Russian Federation, President of the Association of Trauma and Orthopedic Surgeons of the Russian Federation, Member of the Russian Academy of Sciences;
- Gennady Kotelnikov, Rector of Samara State Medical University, Member of the Russian Academy of Sciences.

The Forum's agenda covers the following 16 sections:

- Anesthesiology and intensive care medicine in traumatology and orthopedics
- Knee arthroplasty
- Hip arthroplasty
- Vertebrology
- Reconstructive and plastic surgery
- Emergency medicine
- Oncology and bone diseases
- Interdisciplinary approaches to comprehensive rehabilitation
- Radiology in traumatology and orthopedics
- Sports traumatology and arthroscopy

- Upper extremity injuries
- Lower extremity and pelvis injuries
- Hand and forearm surgery
- Foot and ankle surgery
- Organizational, financial, and economic aspects of traumatology and orthopedics
- Military surgery traumatology

The Eurasian Orthopedic Forum is supported by the Ministry of Health of the Russian Federation.

EOF Organizers: Association of Trauma and Orthopedic Surgeons of the Russian Federation, Association of Trauma and Orthopedic Surgeons of Moscow, Priorov Central Scientific Research Institute of Traumatology and Orthopedics, Main Military Medical Directorate of the Ministry of Defense of the Russian Federation, and the Burdenko Main Military Clinical Hospital.

The Eurasian Orthopedic Forum serves as a platform to share experience in high-technology medical care, developing cooperation between leading orthopedic and traumatological centers in Eurasia, and improving the international distribution channels of medical products and equipment. Furthermore, it promotes advanced technology and supports the distribution of high-technology equipment production throughout Europe and Asia.

Participation in the Forum is free.
Registration is available on the official website www.eoforum.ru.
