

## Health Manpower Development Plan (HMDP) - Visiting Expert

29 - 31 October 2018 | SKH Medical Centre, Level 8

**Professor Takeshi Sawaguchi** is an internationally renowned orthopaedic surgeon known for his innovative and outstanding surgical skills especially in the field of joint preservation of the knee and hip joints.

Professor Takeshi Sawaguchi  
MD, PhD

Professor Sawaguchi is currently the Clinical Professor of Orthopaedic Surgery at the School of Medicine, Kanazawa University. He is the Vice President of the Toyama Municipal Hospital and Director of the Department of Orthopaedic Surgery & Joint Reconstructive Surgery at the Hospital. He is also the current President of AOTrauma Japan.

One of the international leading experts in knee and hip osteotomy surgery, Professor Sawaguchi has been invited by many countries to conduct lectures and surgical workshops. He has attended countless international conferences as an invited speaker and is part of the teaching faculty for the 2017 AOTrauma Masters Course in Hip Preservation at Davos, Switzerland. Through this and more, he has served as an outstanding mentor to many orthopaedic surgeons across the globe. Academically, he has published numerous outstanding peer reviews literatures and research studies.
